16 WEEK VISUAL ARTS PROGRAM FOR MIDDLE AND HIGH SCHOOL STUDENTS

FEBRUARY- MAY

HORIZONS VISUAL ARTS ACADEMY

• This winter Horizons will partner with members of the Pratt Institute community to offer a high quality free arts program. Students will learn in a safe, fun, nurturing environment focused on the well-being of the whole young person. The young people will also learn about our health care system and issues that disproportionately impact poor communities and communities of color. • Guest speakers • Field trips • Academic skill-building • Art Exhibition • Each participant will receive needed art supplies • Program is FREE OF CHARGE for all applicants chosen to participate.

PROGRAM ACTIVITIES:

ACADEMICS: Participants will learn about our health care system and what can be done to improve outcomes. They will also focus on improving their academic skill sets and be offered free tutoring services.

ART PROGRAM: Students will learn about painting, drawing and sculpture while exploring a variety of different materials. The young people will develop their skill sets while also having their art appreciation advanced as they are exposed to a number of artists and art works. At the conclusion of the program the young people will display the art they create for their families and friends at their own art show.

SNACKS: Healthy snacks will be provided.

FIELD TRIPS: Participants will go on at least six field trips.

GUEST SPEAKERS: Motivational presentations will be made by guest speakers throughout the program.
